

June 16th 2010
Langhans Auditorium
Inselspital, Bern

Club de Pathologie Infectieuse & SHCS Scientific Forum

Chairpersons:
Giorgio Zanetti, Lausanne
Huldrych Günthard, Zürich

Club de Pathologie Infectieuse

- 10:00 Qualitative audit of antimicrobial use at a tertiary care hospital
A. Cusini, R. Weber
- 10:20 Meta-analysis of the role of viral genotypes in fibrosis progression in chronic hepatitis C
Probst, PY Bochud et al.
- 10:40 Grippeimpfempfehlungen 2010
T. Eckert
- 11:00 Focal reactivation of brucellosis, 28 years after initial episode - longest ever reported duration...
S. Erb, Ph. Tarr
- 11:15 Acute hepatitis in a marathon runner
M. Huber, A. Meerbach
- 11:30 Rapid determination of antifungal susceptibility in filamentous fungi using isothermal microcalorimetry
U. Furustrand, A. Trampuz et al.
- 11:20 MALDI-TOF, a revolution in clinical bacteriology
G. Greub, G. Prod'hom

Scientific Forum of the Swiss HIV Cohort Study

- 13:15 Tibotec HIV Award 2010
H. Bucher
- 13:45 Contribution of multiple genetic variants, identified in genome-wide association studies, to coronary artery disease in HIV-infected individuals (Swiss HIV Cohort Study project)
M. Rotger, R. Lubomirov, S. Colombo, Tarr
- 14:00 Genetic characterization of HIV infected individuals with a non-progressive high viremia profile.
A Rauch, M Rotger
- 14:15 Pharmacogenetic study of raltegravir and etravirine
R Lubomirov, J di Julio
- 14:30 CTL killing mediated early during the intracellular eclipse phase explains large variations in HIV set-point levels
CL Althaus, RJ De Boer
- 15:15 Influence of HAART on Hepatitis C Virus evolution
J. Rorbach
- 15:30 Ambiguity in population based sequencing of HIV-1 as a marker for the age of infection
R. Kouyos
- 15:45 Predictors for the emergence of 69 insertion and Q151M mutation in the Swiss HIV Cohort Study
A. Scherrer
- 16:00 Incidence of drug resistance in patients initiating combination antiretroviral therapy with lopinavir or efavirenz – results from a data-driven simulation
V. Von Wyl
- 16:15 "Final validation of coreceptor testing for Switzerland"
T. Klimkait
- 16:30 Voluntary testing and counseling and antiretroviral treatment in a remote rural region of Tanzania
E. Mossdorf
- 16:45 Septic shock in a HIV-positive flight attendant - 1,2,3 or more bugs?
Urs Karrer
- 17:00 Frequency and determinants of unprotected sex of HIV-infected persons: The Swiss HIV Cohort Study
B. Hasse
